WHY DID WE DO IT?

BECAUSE WE COULD!

HOW DID IT START?

Bill purchased a beautiful old cabinet at a yard sale for \$5.

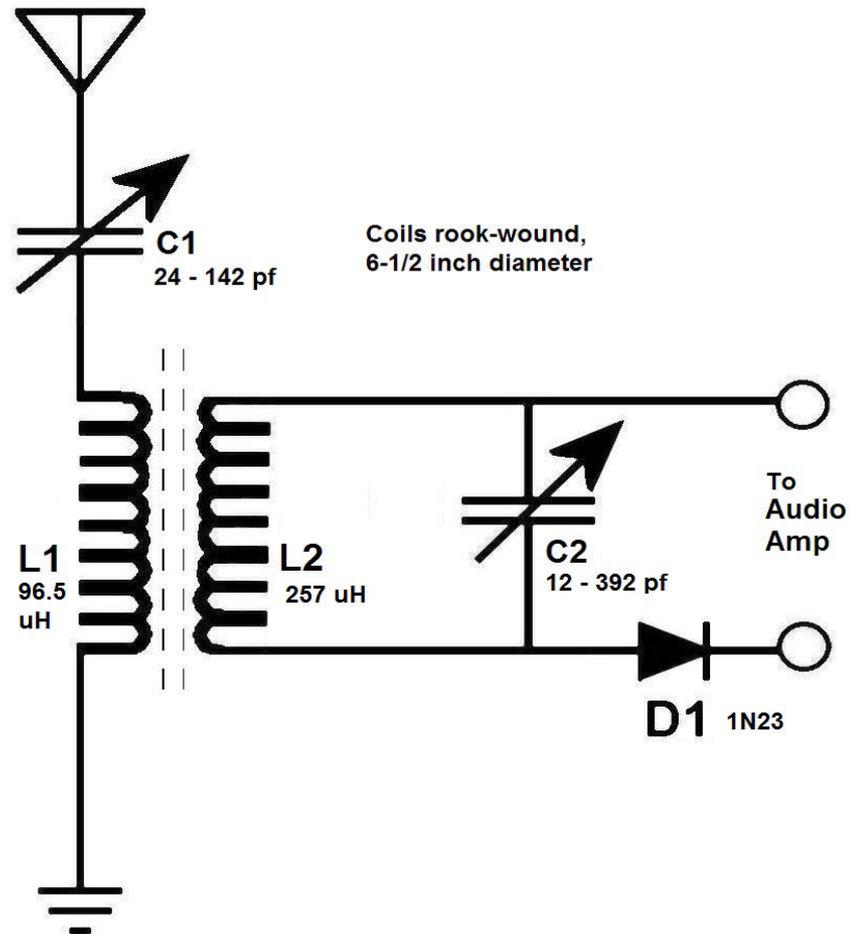

Empty, the cabinet only showed one clue concerning what it was. A metallic logo inside the cover:

So Bill contacted Stan and the two decided to build a Colossal Crystal Radio into the case.

And that is just what we did. Here is the schematic of the crystal set:

Here is the finished project, looking inside the case:
